ABOUT

I am graduating this year. I am developing myself in the field of Web Developer. Html, CSS, Bootstrap, Javascript, C# and Asp.Net languages. So far, I have developed 2 projects developed with .Net. I have also carried out SEO work and have intermediate SEO knowledge. During my university life, I was very interested in community work. I worked as a core team member for 2 years in the Google Developer Student Clubs (GDSC Duzce) community. For 2 years, I worked as a member and community manager in the 1907 University Fenerbahce Association 1907UNİFEB. Finally, I worked as a manager and coordinator in the ACM community. Currently, I take responsibility as an Ambassador in the ongoing Google Women Techmakers community. In this process, I took many responsibilities and managed and coordinated more than one event.
